

Christmas Bingo

In this Christmas Bingo Set you'll find:

Page 1: This explanation sheet.

Page 2: Worksheet for the teacher with all pictures. Cut out these pictures and use them for announcing.

Print these 2 cards on thick paper.

Cut out these pictures, put them in an opaque bag and use them for announcing.

Page 3. Teacher's document to indicate which numbers have been announced.

When a picture has been announced, you cross this picture on this document with your pencil.

Use this document for checking the players' cards when they call 'bingo'.

When the game is finished you can throw away this card.

Do you play more games; then prepare more Page 3 documents. Then also prepare more students' bingo cards because they can use the card only 1 time.

4. Ten different kinds of bingo cards for players. You'll find these 10 cards on the separate pdf file after you close this one.

When a picture has been announced, the student can cross it on his/her card using a pencil.

5. How to announce the pictures.

How to play:

Give each player 1 card with **9 pictures**.

Teachers determine when there is a bingo: after one full row (3 pictures), 2 full rows, or a full card.

When a picture is announced, the students cross that picture with their pencil.

When they have all pictures of 1, 2, or a full card they call '**bingo!**' loudly.

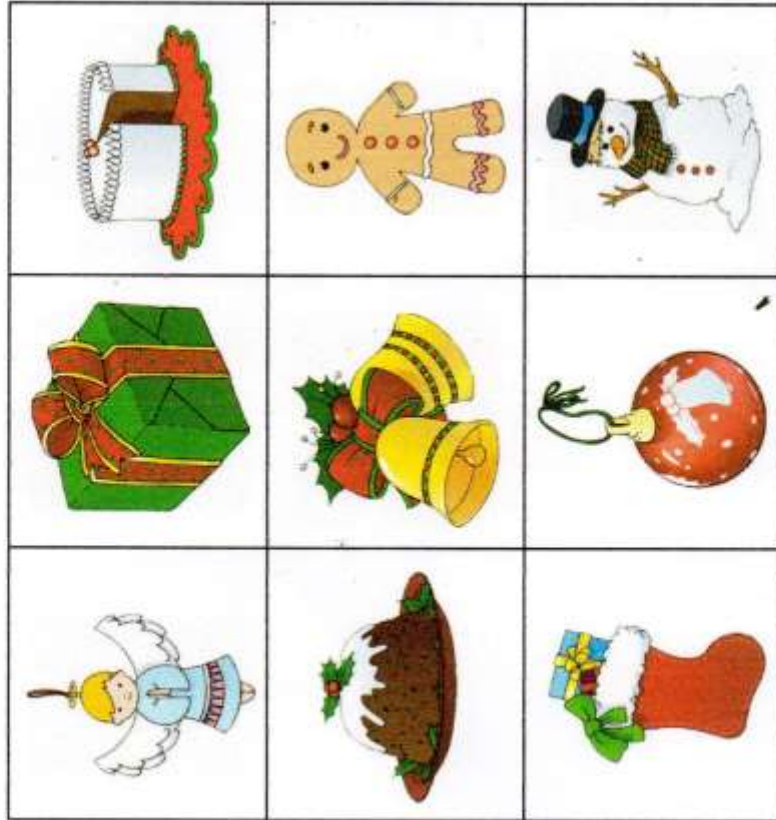

The teacher/assistant checks this card with document 3.

Before starting, prepare some small prizes for the winners.

Enjoy your Christmas Bingo.
