

Facebook Introducing Game

- This game is about getting to know one of your camp mates better.
- Divide the students in groups of 2, 4, or 6 etc. students.
- All students get **one document 2**.
- They fill in their name and answer all questions within about 5 minutes.
- Then the teacher collects all lists.
- After that, the teacher gives each student one list of another student.
- The students now study the received list of a classmate for 2 minutes and try to memorize as much as possible.
- After 2 minutes, teachers and their assistants take the studied list of the first student and this student gets one minute to tell as much as possible about the student whose list he/she had.
- Teachers and assistants check the good answers in the **o before each sentence**.
- When all students have had a turn, the teachers and assistants can start counting the good answers on each document.

Teachers and assistants can possibly choose to help the students by giving the key words that are printed in bold letters in each sentence.

In that case, you have to absolve the whole list.

Teacher
check

Group: _____

- My **first name** is _____.
